(E = Educator L = Learner)

E	Refer to Recycling
L	<p>Paper recycling</p> <p>Write to Mondi, Nampak and Sappi Refibre to find out about :</p> <ul style="list-style-type: none"> ● recycling programmes for schools ● providing containers or bags ● what is collected for recycling and what is not ● how much do they pay? ● the closest paper bank for recycling <p>Ask for someone to visit the school to talk about the scheme.</p>
E	Post the best letter.
E	Discuss: The differences between each scheme.
L	<p>Paper calculation</p> <p>Bring in the newspapers and magazines from home every day for a week.</p>
L	<p>Work out the average number of newspapers and magazines per pupil per week. Multiply the average number of newspapers and magazines by the number of learners in the school and the number of school weeks in the year to see how many newspapers and magazines the school could collect in a year.</p>
E	Discuss other sources of newspaper and magazines in the area, e.g. nearby offices, etc.
E	Discuss: Which would be better: obtain a paper recycling container for the school or collect paper and take it to the nearest paper recycling container?
